

Dear Trinity Friends,

Welcome to a new school year! We are full of excitement about all that this year holds for our families and students and recognize that so many opportunities were made possible by the generosity of your giving during the 2022-2023 school year.

This year we invested in Clever, a digital learning classroom that organizes our digital resources with a single sign-on. Clever makes quick and easy work of navigating our digital tools, giving us more time for teaching and learning!

Also this year, we partnered with LSU's Coastal Roots program and invested in a seedling nursery. Through our seedling nursery, all students will participate in growing native Louisiana trees and the subsequent planting of these trees in our partnered BREC area – an area in need of coastal habitat restoration. We are proud of our school-wide participation in this meaningful environmental stewardship.

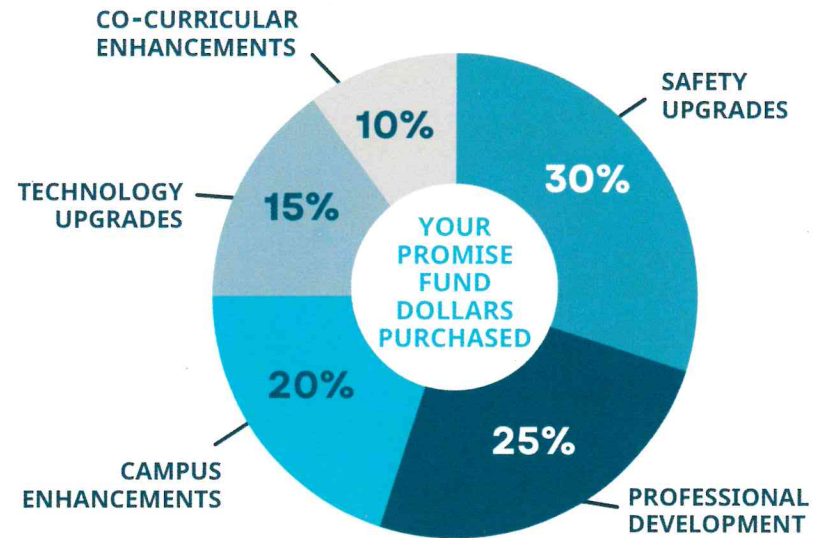

We made significant enhancements to our campus safety by moving the south entry gate behind the check-in window and limiting guest access to one point. We also upgraded our main school entry doors to provide another layer of campus security. Our overarching goal is to continue being a responsive school while maintaining Trinity's warm, nurturing and familial environment – all built on the foundation of safety and security.

We continue our commitment to being a learning institution demonstrated by the many hours of professional development our teachers have undertaken this past year. The technology improvements, campus enhancements and financial assistance program were made possible thanks to the generosity of Trinity's supporters.

At Trinity, we strive to provide the foundation for lifelong learning. Thank you for your commitment to our mission and the support you showed during the 2022-2023 school year for our students, faculty and school. Your Promise Fund gifts ensure that we will be able to continue the Trinity Tradition of Excellence going strong long into the future.

Faithfully,

Marsha Palmer
Head of School

30%

SAFETY UPGRADES

- Installation of metal school entry doors
- SchoolPass visitor ID scanning device
- Relocation of security gate

25%

PROFESSIONAL DEVELOPMENT

- Wit and Wisdom content Leader Training
- Responsive Classroom Teacher Training
- Creative Curriculum Professional Development

20%

CAMPUS ENHANCEMENTS

- Coastal Roots Seedling Nursery
- Upgraded Library and MakerSpace
- Fully outfitted STEAM Lab

15%

TECHNOLOGY UPGRADES

- Purchase of Clever student digital learning platform
- Investment in lap-tops for teachers

10%

CO-CURRICULAR ENHANCEMENTS

- VEX Robotic kits for STEAM Lab
- STEAM Lab Hydroponic Garden
- Investment in new student library books

A portion of your Promise Fund dollars, along with budget surpluses, went toward the upgrade of Trinity's Swenson Playground.
